MKS Kart Racing has race karts guaranteed to bring a thrill to your next community, group or company event. Your racers will feel the excitement of NASCAR or Indy Racing. Our competitors or customers include first time kart racers sampling the sport, experienced racers enjoying the thrill of close quarter racing, and those that want to experience the adrenaline rush of racing equipment similar to the race karts that NASCAR and Indy car racers started in.

Our race direction experience enables us to provide a safe, yet thrilling, racing experience for everyone from beginners to professionals. These specialized outings can be used for fun-filled fund raising programs, corporate team building, client entertainment, company outings and more. With our special expertise and fleet of race karts, we can help businesses and civic groups to create, organize, promote, and run these special events on existing kart tracks, parking lots and specially developed circuits. These race karts can also be raced indoors during the "hum-drum" winter months.

Event Planning

- Company Outings
- Charity and Fundraisers
- Corporate Team Building
- Client Entertainment
- Birthday Parties
- Bachelor & Bachelorette Parties

Catering Plans Available

Karts - Our European Haase Race Karts feature a chrome-moly chassis with a comfortable seat, disc brakes and racing slicks.

Engines - The 6.5 horsepower Honda GX200 four cycle engine, the best engine built for kart racing. The gearbox is an automatic oil bath gear reductions system for hard pulling out of the corners.

Speeds - These high performance sprint race karts are capable of speeds up to 45 mph. It feels like 100+ mph when you're an inch off the race track.

*All You Do is
"Arrive and Drive"*

MKS Kart Racing provides a complete kart racing experience. When a company, group or charity hosts an event, we provide the following:

- 10 sprint race karts with full kart maintenance items, parts and staff to support the karts.
- Full-face helmets and neck restraints.
- Complete race direction including scoring, lineups, flagman with flags, pit steward, fire extinguishers and race direction support equipment.
- Assistance in designing a safe race course.
- The host sponsor or MKS Kart Racing provides liability insurance for the event. Insurance is for everyone, which includes all racers, personnel in the pits, course workers, etc.
- Race promotion assistance.

MKS Kart Racing will give the introductions, go over the rules, get you ready, then have you race to the finish line!!! Have fun and build group unity through competitive kart racing. They will talk about the MKS Kart Racing experience for a long time!
